

Attorney Docket No. P46-US

REMARKS

In response to the Office Action dated May 3, 2005, in which claims 1-17, 19-52, 54-67 and 69-73 were rejected; and claims 18, 53, and 68 were objected to, claims 1 and 61 are amended, and claims 17-35, 52-54, and 68-73 are canceled so as to place the remaining pending claims into condition for allowance.

Specifically, independent claim 1 has been amended by incorporating the subject matter in the allowable claim 18 so as to place claims 1-16 into condition for allowance. Claims 17-19 are accordingly cancelled.

The projection system claim 36 recites all features of claim 1. With this amendment, claim 36, as well as claims 37-51 and 55-60 that depend from claim 36, is patentable for at least the same reasons for the patentability of claim 1.

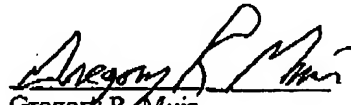

Independent claim 61 is amended to incorporate the features of the allowable claim 68 so as to place claims 61-67 into condition for allowance. Claim 68 is accordingly canceled.

Claims 28-35 and 69-73 are canceled in favor of the prosecution of the other pending claims.

The application is considered in good and proper form for allowance, and the Examiner is respectfully requested to pass this application to issue. In the event any fees are required in connection with this paper, please charge our Deposit Account No. 501516.

Respectfully submitted,
